    Kenji ISHIDA (Hiroshima City University) [Past Chair]

PART C - OTHERS

C.1 Relationship with National Societies
- In Japan, we have very well-organized national technical societies for electrical, electronic and information engineering, e.g. Institute of Electronics, Information and
Communication Engineers (IEICE). They also have local branches as well as the IEEE Sections.

- Hold technical lectures and events in co-operation with other national technical societies, such as IEICE or IEEJ (The Institute of Electrical Engineers of Japan) and so on, through their local branches around the Hiroshima Section, and also Universities.

### C.2 Special Events

- **IEEE Hiroshima Section Student Symposium (HISS)**

  HISS is the one of unique event in IEEE Hiroshima Section whose purpose is to support the growth of students with independence and spirit of enterprise. HISS had two special characteristics; one is that students themselves carry out the planning and management of the symposium and the other is that all the technical papers in HISS are presented by students by the interactive sessions. The main theme of each HISS would be decided by the students. And also, based on the interest with students’ point of view, the topics of the Keynote Speech and the Technical Lecture in HISS are selected. The major part of the income of the symposium was obtained by support from Japan Council, Hiroshima Section, Electric Technology Research Foundation of Chugoku, some sections of domestic technical societies, and presenters’ submission fee.

  The IEEE Hiroshima Section hope to grow this HISS to surrounding sections and it to be the one of unique event in Japan or R10 in near future.

**PART D - GOALS AND PLANS**

### D.1 Continuation of Project/Activity in Progress and Their Implementation Plans

1. **General Assembly**
   - Annual meeting plan to hold at Hiroshima on January 27, 2015.

2. **Board of Directors**
   - Four committee meetings plan to hold.

3. **The 17th Hiroshima Student Symposium (HISS)**
   - The 17th HISS plan to hold at Okayama University, Okayama, Japan on November, 2015.

4. **Technical Lectures**
   - Planning at least 5 Sponsored Technical Lectures and at least 6 co-sponsored or supported Technical Lectures and/or Forums with other National Societies in Japan.

5. **Encouragement of student members**
   - Strongly encourage the student members to present their research work at the international and also the domestic conferences or symposium.

### D.2 Goals and Future Plans

- Our goal is to develop the number of active members and to be a useful organization for already existing members.
- We are planning the 17th Hiroshima Student Symposium (HISS) at Okayama.
- We try to find the system for active communications between academic and company members.

### D.3 Standing Committees Activities

1. **Membership Development & Student Activities Committees**
   - Promote to join the IEEE at the IEEE Hiroshima Student Symposium (HISS).
   - Encouraging the researchers and also the student in Hiroshima Section to be member or student member of IEEE.
   - Improvement of membership service quality in Hiroshima Section for member or student member of IEEE

2. **Student Activity Committee**
   - Promotion for the use of a grant (Max.: 10,000JPY) to active IEEE student members.
We encourage the student members to present their work at the domestic and/or international symposia.

- We plan to establish new student branch and also encourage the activities of existing student branch.

(3) Fellow Nomination Committee
- We encourage the members to upgrade their higher grade membership.

(4) Award Committee
- We plan to present the Section Contribution Award to the Contributors for Hiroshima Section and the Section Award to the members of IEEE.
