

## Region 10 eNotice Policy

Approved on 2 March 2014

The following two cases can use e-Notice for free of charge.

- Conferences and events organized and/or financially supported by Region 10 can use e-Notice to disseminate information of the conferences and events.
- Conferences and events which are not focused on any particular technical areas and are also expected to be participated by members from all over Region 10 from Region 10 Director's perspective can use e-Notice to disseminate information of the conferences and events.

Other conferences and events may use e-Notice to disseminate their information to Region 10 members for the merit of the Region. We ask a certain fee to use e-Notice. The fees collected through the usage of e-Notice will be used to cover a part of the cost for Student/Young Professionals/WIE Congresses and other specific programs/projects organized by the Region 10.
