

Humanitarian Activities Committee

IEEE HAC/SIGHT First Call 2019 Notice

The IEEE Humanitarian Activities Committee (HAC) provides multiple opportunities for IEEE individuals and organizational units (OUs) to apply for and receive funding for projects, events, and conference participation support.

HAC will be reviewing and updating all Calls for Proposals in the first quarter (January - March) of 2019.

Recognizing that many activities take place early in the year and cannot wait for a later deadline, HAC will hold in January 2019 one call per program that utilizes the same format as the 2018 Call for Proposals.

Deadlines:

- Submission deadline for **HAC Projects Call 1** is **21 January 2019**
- Submission deadline for **HAC Events Call 1** is **24 January 2019**
- Submission deadline for **IEEE SIGHT Projects Call 1** is **28 January 2019**
- Submission deadline for **HAC Conference Participation Call 1** is **31 January 2019**

Eligibility requirements and full details for these four calls may be found at hac.ieee.org.

Please note, later in Q1 2019 HAC will be releasing an updated call with further deadlines for 2019. Information will be posted on hac.ieee.org.
