IEEE Region 10 Meet
2 March 2019, Melbourne
Region 10 Conference Leadership Program

Deepak Mathur
Region 10 Director-Elect
Objectives

- Improve Conference Quality in the Conferences organized in sections of Region 10.

- To train volunteers who are involved with Conference Organization in sections so that they are able to guide conferences and oversee the quality as per IEEE standards in their respective sections.
About the Program

- The program is to address the issue of conference quality in many sections of Region 10.
- With this program, Region 10 will spread the awareness about the concern of IEEE in organizing quality conferences and train volunteers.
- The trained volunteers will further be guiding conference organizers to meet IEEE standards on conferences, in their respective sections.
- This first program is being planned in Goa, India. On the success of this program, next will be done in some other country of Region 10 to continue the process of creating trained volunteers.
About the Program

- This training should be continuous effort of Region 10 to reach to more volunteers in sections till we experience satisfactory progress in the conferences organized in Region 10.

- The delegates to the program will be on invitation. Sections will be able to nominate 1 delegate (maximum of 2) who would be responsible for overseeing the conferences and subsequently guiding the organizers in their respective sections.
About the Program

- Sections would be requested to appoint the trained volunteers as ‘Conference Coordinator’ to oversee conferences in their respective sections.
- Speakers for this conference will be carefully selected who have good experience in conference organization.
- This will be a 2 days program.
- A tentative registration cost of US$ 300 per delegate will cover all expenditures except the travel.
- Region 10 would consider some financial assistance to sections nominating delegates (if budget permits) to encourage participation.
Proposed Topics (may be modified further)

- Please identify a volunteer in your section to nominate for the program.

Thank you
