2. Support for Efficient Operation of YP AGs
3. Enhancement of YP-Industry Interaction
4. Synergy with Local Professional Societies
canceled due to this pandemic

Outcomes

Project 1:

We shared zonal and council-level problems with local YP leaders and possibilities of collaborative events. The importance of online communication tools was recognized, and WhatsApp, Slack, and Facebook groups were created for local communities.

Project 2:

The difficulty to form the fair and just selection committee of a contest was shared. The benefits of becoming a Senior Member was recognized.

Project 3:

We created a touch point with some companies related to state-of-the-art technology.

Finance

Project 1: USD 380 (rough estimate)

Project 2: USD 0

Project 3: USD 0

Total Finance : USD 380

Details of Project 1: Construction of Sustainable R10 YP System

We organized three meet-up events to think about collaborative YP activities with neighboring Section YP AGs.
