Thrust Areas:

- **Membership Activities**: Member Retention and Continuation of Students to Young Professionals
- **Technical Activities**: Section-Chapter Collaborative Programs, Conference Quality and Industry Engagements
- **Professional Activities**: **Entrepreneurship and Career Advancement Programs**

2021-2022 Region 10 Priorities (Where Larger EXCOM of Professional Activities have focussed on alignment)

- Streamline conferences ensuring quality and work on strategies to bring more international IEEE flagship conferences in the countries Region 10.
- **Enhance member value, member satisfaction** through Section/Chapter collaborative programs.
- Encourage industry academia partnership programs.
- Create more leadership opportunities for YP and Women.
- Devise programs for Students and YP, where YP helps students **in their career growth.**
- Emphasize sustainable 'Humanitarian Technology' projects.
- **Promote 'Reaching Locals' initiative.**

Committee Structure

- Members from different areas (sections, councils, and countries) for diversity.
- Experience of serving at section, council or chapter levels in some leadership role so that they have better understanding of IEEE.
- Contact Sections/Councils/EXCOM members or your known contacts to get name(s) of such volunteers. Award winning volunteers.
- Committee Size: 4-5 members; some committees may have more members depending upon their activity spread.
- Please give chance to new volunteers wherever possible.
- It is advisable not to keep same volunteer in more than one committee so that we provide opportunity to maximum number of volunteers.
- Please keep immediate past chair part of your committee for continuity.
- Define their roles and responsibilities

Details of Project 1

R10 orientation materials organization

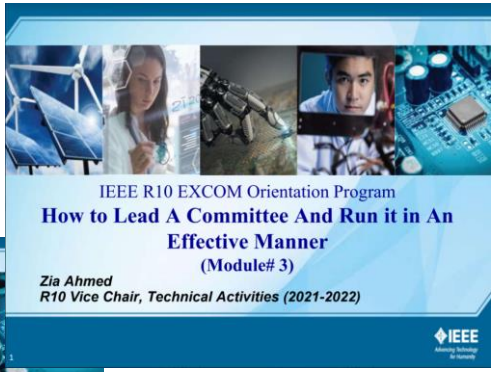
Description:

R10 ExCom Orientation Program, which is anticipated to help you to understand some of the R10 policies as well the various resources available to assist R10 ExCom (2021-2022) members for their projects, were conducted in five modules from Nov. 2020 to Dec. 2020.

This project is to organize this program's resources (videos, slides, documents and links) and make them available on the web. Presenters are encouraged to update slides if necessary.

Measurable: web archive completion

Timeline: by March



Details of Project 2

New Initiative/Strategic Planning: Introducing R10 Subcommittee structure

Description/Objective:

Establish a guideline to form Subcommittees under each Committee of Region 10 ExCom.
There is a draft version of guideline made by Director Deepak.
Region 10 is very diverse, large in geographical area as well as in membership. It caters to almost 30% of total IEEE membership. The Subcommittee shall help in planning and execution of Region 10 activities efficiently and effectively to its large member base in 26 countries which is still growing. This shall also help in identifying and developing future leaders for Region 10 and consequently for IEEE. Efforts shall be made to include more YPs and WIE members.

Measurable:

Guideline documents

Timeline:

ExCom Chairs hearing by April
Draft document by May
Guideline completion by June

Details of Project 3

Initiative of new virtual R10 flagship conference(s)

Description:

Task force on 4th or more "Virtual" R10 flagship conference, in addition to TENCON, TENSYMP and HTC. Not aim to actually hold a conference in 2021.
