IEEE REGION 10 - NEWSLETTER EDITORIAL DEADLINES

IEEE Region 10 2005 General Meeting Singapore (30th & 31st March)

The 2005 AGM was hosted by the Singapore section in the Traders Hotel. The meeting attracted approximately 70 delegates and distinguished guests from the Asia Pacific region and IEEE HQ. Special guests include,

- Cleon Anderson (IEEE President)
- Lyle Smith (IEEE Staff Director)
- Marc T. Apter (VP - Regional Activities)
- Leah Jamieson (VP - Publication Services & Products)
- Subrata Mukhopadhyay (2004 RAB Achievement Award recipient)
- Mini S Thomas (2004 R10 Outstanding Volunteer)

The meeting provided an opportunity for new office holders to find out more about IEEE learning from the experiences of other volunteers and IEEE staff. More experienced office bearers can benefit from face to face contact with other regional colleagues. It also offered an opportunity for the Singapore section officers to get greater insight to the IEEE Regional affairs and operations. The highlight was the presentation of the many awards.

Region Meeting – Singapore 2005 – Award Night Highlights

VP Regional Activities Marc Apter presents RAB Outstanding Section Award to South Australia's Michael Evans

IEEE President Cleon Anderson presents 25 year commemorative banner to New Zealand North's Michael Neve

IEEE President Cleon Anderson presents 25 year commemorative banner to New Zealand South's Richard Duke

IEEE President Cleon Anderson presents 50 year commemorative banner to Tokyo's Dickie Hayashi

VP Regional Activities Marc Apter presents 2003 RAB Secion Sustained Membership Growth Award to Tokyo's Dickie Hyashi

R10 Director Seeichi Takeuchi presents Region 10 Outstanding Volunteer Award to Seoul's Prof Kyun H Tchah

VP Regional Activities Marc Apter presents RAB Section Appreciation Award to Beijing's Mengqi Zhou

R10 Director Seeichi Takeuchi presents R10 Outstanding Large Section Award to News South Wales' Graeme Gwilliam

R10 Director Seeichi Takeuchi presents Region 10 Outstanding Small Section Award to South Australia's Zia Ahmed

R10 Director Seeichi Takeuchi presents R10 2004 Outstanding Volunteer Award to Delhi's Mini Thomas

VP Regional Activities Marc Apter presents RAB 2004 Achievement Award to Delhi's Subrata Mukhopdyay

IEEE President Cleon Anderson presents 2002 Outstanding Branch Counselor Award to Delhi's Mini Thomas

REGION 10 OUTSTANDING ENGINEER AWARDS

It is my pleasure and honor to announce the result of the R10 Distinguished Large Section Award and the R10 Distinguished Small Section Award.

Details of the R10 Distinguished Large and Small Section Award Program can be found at www.ieee.org.hk/newsletter/R10/R10Award.html .

The selection of the two Awards is based on the performance summarized in the 2004 Annual Report submitted by R10 Sections. All the received 2004 R10 Section Reports are posted in the end of the page at <http://ewh.ieee.org/ecc/r10/newRegion10/whatsnew/meetanno.htm><http://ewh.ieee.org/ecc/r10/newRegion10/whatsnew/meetanno.htm>.

The R10 Award Committee has selected Kerala Section as the 2004 R10 Distinguished Large Section.

Gujarat Section has been selected as the 2004 R10 Distinguished Small Section.

Kerala and Gujarat Section will be nominated to participate the Regional Award Board Distinguish Large and Small Sections Program.

Congratulation on job well done by Kerala and Gujarat Section!

Mr. Y W Liu – Region 10 Awards Committee Chair

IEEE Region 10 Website Contest 2005

1st Prize: Vivekanand Education Society's Institute of Technology (IEEE-VESIT), Bombay, INDIA
(URL: <http://www.ieee-vesit.org>)

2nd Prize: Thadomal Sahani Engineering College (IEEE-TSEC), Bombay, INDIA
(URL: <http://www.ieee-tsec.org>)

3rd Prize: Universiti Teknologi Malaysia (IEEE-UTM), Skudai, MALAYSIA
(URL: <http://www.ieee.org/utm>)

R10 Student Representative: Yasuharu Ohgoe (yas@ff.f.dendai.ac.jp)

AT&T Award - for a Technical project

Run by a Branch, funding up to US\$1000 - applications to HQ deadline - 1 November 2005.

Region 10 Student Contests - 2005
Post Graduate Section: First Round Winners

Nan Hu, National University of Singapore, SINGAPORE.

"Attentive Behavior Detection by Unified Head Pose Embedding and Mapping"

Yu Rui, National University of Singapore, SINGAPORE.

"A Bandpass Sigma-Delta Modulator Employing SAW Resonator "

Pei Li, City University of Hong Kong, HONG KONG.

"Design of Dual Wideband Patch Antenna and Antenna Array "

Zeng Jia, City University of Hong Kong, HONG KONG.

"Type-2 Fuzzy Hidden Markov Models and Their Applications to Phoneme Classification"

Jeevanandham Arumugam, Government College of Technology Coimbatore, INDIA.

"Tuning of Power System Stabilizers with Multi First Order Phase Compensation Blocks Using TABU Search Algorithm "

Parastoo Sadeghi, University of New South Wales, Sydney, AUSTRALIA.

"On the Achievable Information Rate in Finite State Markov Modeling of Fiat Fading Channels "

Undergraduate Section: First Round Winners

Lim Ler Ming, National University of Singapore, SINGAPORE.

"Three-dimensional Thermal Modeling and Analysis of Non-Volatile Nano Phase Change Random Access Memory (PCRAM) "

Wei Song, National University of Singapore, SINGAPORE

"Blood Perfusion Model for Face Recognition using Infrared Images "

Yeo Eng Guan, National University of Singapore, SINGAPORE.

"Investigation on Ultra-High Density Non-volatile Phase Change Random Access Memory (PCRAM) by Material Engineering"

Usman Nazir, City University of Hong Kong, HONG KONG

"Fingerprint Minutiae Matching Algorithm Sorted Regional Information Gradient Approach "

Amendra Koul, Indian Institute of Technology, New Delhi, INDIA.

"Design and Development of a Suspended multi-layer Patch Antenna Suitable for ultimate realization using Si-Micromachining"

Saba Ahsan, National University of Sciences and Technology, PAKISTAN.

"Design and Implementation of an Unmanned Ground Vehicle Controlled over Wireless LAN "

Region 10 Student Congress Nominations:

Region 10 had a good response this year - a total of 9 proposals were received!

For a quick overview: The student branches in the following Section had responded to the call:

Bangalore Section, Beijing Section, Delhi Section, Kerala Section, Madras Section, Mumbai (Bombay) Section, Pune sub-Section (of Bombay), Taipei Section, Western Australia Section.

Many thanks for the support and we will look forward to a fruitful congress in 2006!

Region 10 Director Message

The Region 10 Meeting, March 30-31, 2005

The 2005 Region 10 Meeting was held at Traders Hotel, Singapore on March 3-31, 2005 with the attendance of

- IEEE President Cleon Anderson
- VP-Regional Activities, Marc Apter
- VP Publication Services & Products, Leah Jamieson
- IEEE Staff Director Lyle Smith

The newly elected Region 10 members had their first Region 10 Meeting.

The committee chairs reported their accomplishments together with their goals and implementation plans for 2005-2006. Two parallel training workshops were organized. The first parallel workshop has been designed for the training of the newly elected section chairs and the second parallel workshop for the discussions on the goals and implementation plans for 2005-2006.

The highlights of the meeting:

We have achieved a membership growth rate of over 7 % in December 2004. Region 10 is globally the number one in the IEEE membership. Now our membership stands at over 62,000 with Region 6 running second by a few hundred. However, in terms of the higher-grade membership we still have a long way to go and this is one area where our goals need to be more focused.

Three major goals for me this year as the Region 10 Director:

- 1) globalization through further strong collaboration with professional societies and industries in each country
 - 2) further membership development of higher grades
 - 3) promotion of GOLD (graduates of last decade) and student member activities.
- Promotion of Distinguished Lecturer Program, Continuing Education Program, and Other Education Program.

Accreditation Workshop was held in Bangkok on November 6-8, 2004.

Improvement of the layout of the R10 home page, renewal of old flames of the home page and website maintenance were proposed.

The number of Gold Affinity Groups increases from 15 to 17. Strategies for promoting GOLD Activity:

- 1) Encourage student branch leaders to continue their contributions to the IEEE after their graduation
 - 2) Encourage chapters to support GOLD activities
 - 3) Regional support for international GOLD activities in the Region 10
 - 4) Increase publicity of successful GOLD activities and regional support of GOLD activities
- Received report on the TENCON 2004 in Chiang Mai, Thailand and TENCON 2005 in Victoria, Australia.

The agenda and presentation materials for the meeting and the minutes of the meeting are posted on the Region 10 website. <http://ewh.ieee.org/ecc/r10/newRegion10/Region10Index.htm>

Seichi Takeuchi. Region 10 Director 2005-2006

Engineer's Week celebration at WIE affinity Group Delhi

The Delhi section WIE affinity group celebrated the Engineers week from 20th to 26th February 2005 in a memorable way with a plethora of events. The celebrations began with the **awareness program conducted in a school** in Delhi on 20th February. The 'Zoom into Engineering' balloons, pencils, puzzles etc provided the right ambience and we chose and all girls class to promote engineering to school students. The inquisitive nature of the attendees was overwhelming and they wanted more of such programs!

The second event was the **visit of a team of Professors from Pakistan** who spent an afternoon interacting with the faculty and students of Jamia Millia Islamia that has the WIE student affinity group as well. This interactive session on 22nd February provided all of us with an opportunity to learn about the technological, social and cultural status of women in Pakistan. It was an eye opener indeed!

The grand finale of the Eweek was the day long program organized on **26th February as the WIE Day - Conglomerate (Women In Engineering Day)**. The tutorial by Mrs. Jaya Indiresen; an eminent educator on **"Women in Engineering and Leadership"** was extremely enlightening. She elucidated on the fact that women constitute 50% of human resources and that it is important for women to make optimum use of their skills. She held a lively interactive session trying to find answers to questions like –why are there few women in top positions! She gave a totally new definition to **MBA-"Move beyond Academics"**. The event was attended by 90 students from six IEEE student branches in Delhi and also by senior members of the section. After a short lunch break, all gathered for a group discussion on "Hyped Engineering". Several informal events like egg drop, web, obstacle race, SMS mania, Junkyard and blind date etc were also organized as team building activities. The events during the E week has provided an opportunity for the members to learn immensely and interact with eminent personalities.

	
<p>"Zoom Into Engineering", the WIE student volunteers</p>	<p>WIE Day on 26th February. Prof. Jaya Indiresan, Dr. Mini S. Thomas (WIE Chair) with the delegates)</p>
	
<p>The Future Engineers! The awareness program in progress</p>	<p>WIE members with the Pakistan Delegation.</p>

Call For Proposals – Region 10 Colloquium 2005 & 2006

The IEEE Region 10 Technical Activities Committee is soliciting for proposals from councils, sections, and chapters that may be interested to host the 2nd or 3rd IEEE Region 10 Colloquium in 2005 and 2006, respectively.

The objective of the Colloquium is to bring international and local experts to speak on an emerging technology that will have strong economic impact to the region, the hosting country or the hosting city.

This event was initiated in 2003. The first colloquium with the theme of Broadband Access - Technology and Market was hosted on 21 and 22 October 2004 in Singapore by the Communications Chapter and LEOs Chapters of Singapore Section, in cooperation with a few local organizations.

Information on this colloquium is available at
<http://www.ntu.edu.sg/ntrc/IEEEER10InfocommColloquium/index.htm>

Those who are interested in submitting a proposal may use this event as a reference.

Apart from its advisory role, IEEE Region 10 could participate on a profit/loss-sharing basis with a maximum risk capital of US\$3,000.

Please provide the following information in the proposal:

Theme of the colloquium

Hosting organizations

City in which the colloquium will be hosted

Tentative date(s) of the colloquium in 2005 or 2006, whichever is appropriate

Key members of the Organization Committee

Expected number of local and overseas participants

Whether the IEEE Region is expected to participate on a profit-loss sharing basis

A Case for Support on the appropriateness of the chosen theme and city, and key members of the organizing committee have the experience and resource to make the event a success.

All proposals are to be submitted **30 June 2005**. Please send your proposals and enquiries to
ethcheng@ntu.edu.sg.

Tee Hiang Cheng
Technical Activities Coordinator, IEEE Region 10

The IEEE Member Digital Library Seek, Discover. Innovate

The IEEE Member Digital Library brings you access to IEEE journals, magazines, transactions, letters or conference papers published today or in the last five years. Full text access with one convenient subscription.

Tencon News

Tencon 2005

It gives us great pleasure to invite you to Tencon'05, to be held in Melbourne, Australia from 21 – 24 November 2005. Tencon – the annual technical conference of IEEE Region 10 – is a prestigious event attended by researchers, academics and practising professionals from all parts of the Asia Pacific region and beyond. The IEEE is the leading professional electrical and electronics organisation with 300 000 members globally, 60,000 of whom are in Region 10. Tencon'05 will be hosted by IEEE Victorian Section, with the co-sponsorship and support of several other professional bodies in Australia. ATNAC05 will be a technical co-participant with Tencon'05.

Tencon'05 seeks original research and application papers for peer review publication. The theme for Tencon'05 is "A Meeting Place for Converging Technologies and People", the scope of which not only includes extensive coverage of topics in computing, communications, signal processing and power engineering, but also pertinent issues in technology and society, such as biomedical engineering, and legal, privacy and security issues. Please see www.tencon2005.org/authors_centre/ for more information.

Keynote speakers at Tencon'05 are Dr Radia Perlman from Sun Microsystems, and Professor Rod Tucker from the University of Melbourne. In addition, Professor Fred Harris from San Diego State University and Dr Malin Premaratne are invited speakers at the conference. Applications for presenting a tutorial are now open, with a deadline of 15 July. See www.tencon2005.org/tutorials/, for more details.

Registrations for Tencon'05 open on 1 June. Interested authors and attendees are invited to visit our website, www.tencon2005.org, for more information about the conference. In addition, a poster can be downloaded from our website for display on notice boards etc. for publicising Tencon'05 within your organisation. We look forward to meeting you in November.

Dr Hugh Bradlow – Chair, Tencon'05 Organising Committee
Mr. Enn Vinnal – Chair, IEEE Victorian Section

Call For Organisers Tencon 2010

The IEEE Region 10 is calling for a conference organizer for TENCON 2010. If your Section is interested in holding it, please feel free to contact.

park@nclab.hyu.ac.kr, YJ Park. Region 10 Conference Coordinator

You can get information about TENCON background and preparation of bid proposal at <http://ewh.ieee.org/ecc/r10/newRegion10/Region10Index.htm>.

TENCON 2005 Melbourne, Australia
TENCON 2006 Hong Kong
TENCON 2007 Taipei, Taiwan

TENCON 2008 Hydrabad, India
TENCON 2009 Singapore (tentative)

HAVING ANOTHER LIFE WITH ENGINEERING

Some sectors of the community perceive engineers as dull, perhaps just below the dullness rating of accountants. In this article one of IEEE's loyal volunteers reveals a creative side of his nature. He is shown receiving the R10 outstanding large section award.

When he was a school, and at university, Dr. Graeme Gwilliam, Chair of the NSW Section was actively involved in amateur theatrical and stage presentations. In fact, when he attended the University of New South Wales, he participated, in the first student revue, in 1956, and in 3 subsequent university revues, from which he still has the press revue clippings and programmes. The Royal Australian Air Force also experienced his skills when he produced a revue for the benefit of his fellow National Servicemen in 1957.

While working as an Electrical Engineer in London (1963-64) he was also actively involved in The London Gang Show, a Boy Scout Association annual production well known around the world. The 1964 production was invited to participate in the Royal Command Performance of 1964.

His commitment to Electrical Engineering then prevailed and it was not until he recently retired from academia that there was sufficient time to return to an earlier love.

TV viewers throughout Region 10 may now occasionally see him in a number of programmes that are produced in Australia and broadcast locally. Recently he auditioned (unsuccessfully) for a TV commercial for mobile (cell) phone services to be broadcast in South Korea.

A few years ago Graeme did a TV commercial for an international insurance company that was broadcast in Singapore. So if you're looking for an engineer that can act or an actor who can play an authentic engineer – Graeme's your man.

Who was it that made the statement “ Engineers never die, they just rust away”.

membership portal & myIEEE**

The IEEE has launched its new membership portal along with a members-only area called myIEEE.

The public site boasts the value and benefits of IEEE membership while showcasing the availability of additional membership opportunities, such as societies, affinity groups and the Standards Association. Links to member-benefit information are consolidated into drop-down menus on the top navigation bar. Also included is a "Featured Benefit" module, member profiles, membership-related announcements and more.

Members who login to the myIEEE area with their IEEE Web account will see personalized information, such as their grade, section affiliation and additional active memberships. A new feature called "Service Advisor" uses a member's technical interest profile to offer recommendations for IEEE membership offerings, conferences and publications. Links to the most commonly used membership-management functions - joining the IEEE, renewing membership, adding services and changing profile information are included in a single module for easy access.

The membership portal and myIEEE project was initiated in response to member feedback about the IEEE Web presence, as well as to improve communications about the value of IEEE membership. The portal is accessible from the Membership menu on the left navigation bar of the main IEEE Web site, or at <http://www.ieee.org/myieee>

Cultural Diversity - Anecdotes and Experiences

In the June 2005 edition of 'The Institute there is an article on the Finer Points of Business Etiquette. This largely draws from issues of interest to the IEEE Transitional Committee. They have compiled a list of on-line resources that might be of assistance for those interested in cross-cultural customs. Visit <http://www.ieee.org/tc>.

I would like to receive contributions from IEEE members around the region that demonstrate the richness and diversity of our cultures and practices. On some occasions gestures, etiquette etc can cause unintentional offence to others. For many of our members who are traveling to a foreign land, perhaps for the first time, some hints and tips can help them overcome embarrassment and confusion.

There are some web sites that consider cultural etiquette and I would like to receive real examples that may have caught your attention or even provided some lighthearted entertainment. – Harry McDonald Newsletter Editor

Jim Logothetis – an IEEE Friend that will be dearly missed

It is with sad regret I wish to advise the passing of Mr Demetrios (Jim) Logothetis on Saturday 18th June 2005 at the Royal North Shore Hospital. Jim had been in and out of hospital in the last month.

Jim was an active and energetic participant in Engineers Australia as well as the IEEE Australia Section, and subsequently the IEEE NSW Section.

Jim was born in 1932 and received a Diploma in Electrical Engineering [Dip. Elect.] from Sydney Technical College in 1959 and a Bachelor of Engineering [B.E. Elect.] from the University of New South Wales in 1963. He was a Member of Engineers Australia with CPEng accreditation, NPER Registration and a Life Senior Member IEEE.

From 1959 Jim was employed as a design engineer with Australian General Electric [now Alstom Australia] in the Motor Control and Automation Department. In 1985 he joined the Commonwealth Department of Works and worked on the new international terminal at Sydney Air-port, on the electrical reticulation systems, including the emergency power back-up systems. In 1968 he joined the Electricity Commission of New South Wales [later Pacific Power], and was employed in the Electrical Plant Department of the Power Engineering Division. He was involved with the design of AC and DC Auxiliary, and UPS Systems, for major coal fired, hydro and geo-thermal power stations, both in Australia and overseas. Before his retirement from Pacific Power in 1998 he was the Specialist Engineer for DC Auxiliary and UPS Systems.

Jim was the NSW Section Chair from 1990 to 1994 and also 1996 to 1999. Jim received the IEEE Millennium medal in 2000 and the Region 10 Outstanding Volunteer award in 2001. Jim was member of the IEEE Standards Board from 1992 - 1995, and again from 1997 - 1998. He was chairman of Standards Australia Stationary Battery Committee EL 5/6, and Member of IEEE Standards Coordinating Committee SCC29, on Stationary Batteries from 1992 - 1998.

Jim is survived by his wife Cecile and his sons, Nicholas and John.

Yours faithfully,
David E Burger
IEEE NSW Section, Vice-Chair 2005.

Call For Papers

IEEE INMIC 2005 – Forum for exchange of ideas about latest technological trends

It gives us great pleasure to invite you to IEEE INMIC 2005 to be held at the National University of Computer and Emerging Sciences, Karachi Campus in collaboration with the IEEE Karachi-Section and IEEE Computer Society, Karachi Chapter from 23 to 25 December 2005. INMIC 2005 is an annual technical conference held in Pakistan where researchers, academics, practicing professionals and students from various Universities from their different backgrounds exchange their ideas with the common interest in latest trends of Computer Science, Electrical Engineering, Telecommunication and related disciplines.

The deadline for submission of full original papers is **July 31, 2005**. Please see the site <http://khi.nu.edu.pk/inmic2005> for more details. Interested authors and attendees are invited to visit the website

It is expected that prominent researchers and academics from within the country and abroad shall be the Keynote speakers. In addition, there will be some invited speakers at the conference. Applications for conducting tutorial session(s) are also open. See the details in the Call for Papers.

We look forward to meeting you in December.

Prof. Dr. Zubair A. Shaikh
General Chair, Organizing Committee
IEEE INMIC 2005

Taipei, Taiwan
<http://www.eitc.org/>
15 Aug - 16 Aug 2005

2005 11th International Conference on Embedded and Real-Time Computing Systems and Applications (RTCSA)
Hong Kong, China
<http://www.cs.cityu.edu.hk/~rtcsa05/>
17 Aug - 19 Aug 2005

2005 International Conference on Machine Learning and Cybernetics (ICMLC)
Guangzhou, China
<http://www4.comp.polyu.edu.hk/~cike/icmlc2005/home.htm>
18 Aug - 21 Aug 2005

2005 20th Congress of the International Commission for Optics
Changchun, China
<http://www.conference.ac.cn/ico20.html>
21 Aug - 26 Aug 2005

2005 IEEE International Workshop on Horizontal Interactive Human Computer System (TABLETOP)
Mawson Lakes, Australia
22 Aug - 24 Aug 2005

2005 14th International Symposium on High Voltage Engineering (ISH)
Beijing, China
<http://ish2005.tsinghua.edu.cn/ish/>
25 Aug - 29 Aug 2005

2005 IEEE Information Theory Workshop (ITW)
Rotorua, New Zealand
<https://www.cs.auckland.ac.nz/itw2005/>
28 Aug - 01 Sep 2005

2005 21st International Congress on Instrumentation in Aerospace Simulation Facilities (ICIASF 2005)
Sendai, Japan
<http://www.ista.jaxa.jp/info/event/ICIASF05/>
29 Aug - 01 Sep 2005

August 2005 (contd)

2005 8th International Symposium on Signal Processing and Its Applications (ISSPA)
Sydney, Australia
<http://www.elec.uow.edu.au/isspa2005/index.html>
29 Aug - 01 Sep 2005

2005 Symposium on Frontiers of Neural Engineering (A Satellite Symposium of IEEE/EMBS 27th Annual Conf.)
Beijing, China
<http://www.brainsignal.net>
30 Aug - 31 Aug 2005

2005 27th Annual International Conference of the IEEE Engineering in Medicine and Biology Society
Shanghai, China
<http://www.ee.cuhk.edu.hk/EMBC05shanghai/>
31 Aug - 03 Sep 2005

2005 6th International Conference on Electronic Packaging Technology (ICEPT)
Shenzhen, China
<http://www.icept.org/>
31 Aug - 02 Sep 2005

September 2005

2005 International Conference on Simulation of Semiconductor Processes and Devices (SISPAD 2005)
Tokyo, Japan
<http://www6.eie.eng.osaka-u.ac.jp/sispad/>
01 Sep - 03 Sep 2005

2005 IEEE International Symposium on Information Theory - ISIT
Adelaide, Australia
<http://www.isit2005.org>
04 Sep - 09 Sep 2005

2005 5th International Workshop on Biosignal Interpretation - (BSI2005)
Tokyo, Japan
<http://www.bsi2005.org/index.html>
06 Sep - 08 Sep 2005

2005 International Conference on Solid State Devices and Materials (SSDM)
Kobe, Japan
<http://www.ssdm.jp/>
12 Sep - 15 Sep 2005

2005 International Workshop on Intelligent Information Hiding and Multimedia Signal Processing (IIH-MSP)
Melbourne, Australia
<http://bit.kuas.edu.tw/~iihmisp/>
14 Sep - 16 Sep 2005

2005 International Conference on Emerging Technologies (ICET)
Islamabad, Pakistan
<http://www.case.edu.pk/icet2005/>
17 Sep - 18 Sep 2005

2005 International Symposium on Autonomous Minirobots for Research and Edutainment (AMiRE)
Awara, Japan
<http://www.his.fukui-u.ac.jp/AMiRE2005/>
20 Sep - 22 Sep 2005

2005 International Conference on Wireless Communications, Networking and Mobile Computing (WCNM 2005)
Wuhan, China
<http://sub.whu.edu.cn/WCNM2005/>
23 Sep - 26 Sep 2005

2005 International Conference on Electrical Machines and Systems (ICEMS)
Nanjing, China
<http://www.icems2005.com>
27 Sep - 29 Sep 2005

IEEE MEMBER NEWSPAPER IS PUBLISHED ONLINE

'The Institute', the IEEE member newspaper, will publish 16 issues this year:

Quarterly print issues will arrive in the mail and online editions of The Institute will be published by the 7th of every month, and IEEE members will receive an email alert when each issue has been posted.

Members who have not already received the alert may sign up for the service by providing an email address at the "Update Your Address or Contact Info" link at:

<http://www.ieee.org/membership>

Read the online issue of 'The Institute' now at <http://www.ieee.org/theinstitute>>

*****Sign up for your free IEEE Email Alias*** - complete with virus scanning software - www.ieee.org/alias**

The IEEE Has rolled out enhancements to the IEEE UCE/Spam Filtering Service for members with an IEEE email alias.

New features include:

- *an option that combines the tagging and blocking of UCE (spam); messages with a low spam score will be tagged, messages with a high spam score will be blocked, thereby reducing the amount of spam received over time
- *the ability to add email addresses you always want blocked to a blacklist, and those you never want blocked to a whitelist
- *improved identification technology that will more accurately target possible UCE/spam messages
- *an additional layer of anti-virus protection beyond what is already provided via the IEEE Email Alias Service

You may sign up for the IEEE UCE/Spam Filtering Service at <https://uce.ieee.org/>. If you already use the filter, you may update your profile from among the new options.

The IEEE UCE/Spam Filtering service requires the use of an IEEE Web Account to register. If you have forgotten your Web Account ID and/or password, go to this URL

<http://services1.ieee.org/membersvc/loseup/intro.htm>

For any questions regarding the enhancements or the IEEE UCE/Spam Filtering Service in general, email uce-admin@ieee.org.

IEEE REGION 10 - NEWSLETTER EDITORIAL DEADLINES

Raise awareness of your own significant achievements, events and interesting IEEE activities or people in your section. Newsletter ready articles greatly appreciated. I am also looking for extra IEEE volunteer support to assist with collection of articles, editorial work and collation of the electronic newsletter.

Make a note in your calendars and please submit electronic articles for inclusion by the listed dates to

harry.mcdonald@ieee.org.

Editorial Deadline

12th Aug 2005

11th Nov 2005

10th Feb 2006

12th May 2006

Newsletter Target Issue Date

26th Aug 2005

25th Nov 2005

27th Feb 2006

26th May 2006
